To whom it may concern.

I confirm that Alexey Petrushin worked as a Java Developer / Team Lead for the Open Technologies Ltd. in the period from 02/2011 till 01/2012.

His responsibilities included the design and implementation of ECM, CRM and BPM systems for small and medium-sized enterprises based on open Java solutions Alfresco and LifeRay.

Alexey successfully achieved the goals and significantly contributed to the success of the company. I can confidently recommend him as a skilled and reliable professional.
